Nebraska Wesleyan University

PRO 206 Project Management Independent Study

Catalog

2012-2013

Course Description

In this course students demonstrate and further develop their project management knowledge and skills by completing a small project in which they explore an area of project management that is relevant to their own life situation. They will identify a relevant project, create a combined charter and plan, implement the project and write a lessons learned report.

Prerequisite(s): PRO 201 Introduction to Project Management, PRO 202 Practice Project Management 1, and PRO 203 Practice Project Management 2

Course Hours

1 hours

Departments

1. Professional Development (Adult Undergraduate)
