Nebraska Wesleyan University

CHEM 222L Physical Chemistry Laboratory

Catalog

2012-2013

Course Description

Continuation of CHEM 221L Physical Chemistry Laboratory. The course is designed to accompany CHEM 222 Physical Chemistry II, Quantum Chemistry and Spectroscopy.

One 3-hour lab per week.

Prerequisite(s): CHEM 121 Organic Chemistry II: Synthesis and Mechanisms and CHEM 121L Organic Chemistry II Laboratory.

Corequisite: CHEM 222 Physical Chemistry II, Quantum Chemistry and Spectroscopy.

(Normally offered each spring semester.)
