**Nebraska Wesleyan University**

# HHP 281 Research and Statistical Methods - II

## Catalog

2013-2014

## Course Description

This is an empirical research investigation in which each student formulates his or her own research topic, collects and analyzes the data relevant to that topic, and prepares a formal report of the investigation consistent with the publication style of the American Psychological Association.

*Prerequisite(s): HHP 280 Research and Statistical Methods - I or permission of instructor.*

(Normally offered each spring semester.)
