Nebraska Wesleyan University

NURS 547 Practicum in Nursing Administration

Catalog

2013-2014

Course Description

This course provides the student with experience functioning within selected components of the role of the nurse executive in a variety of health care organizations, including long term care, community based care, hospitals, and larger integrated delivery systems. Students are paired with a nurse executive or case manager with a mutually agreed upon agency.

Prerequisite(s): NURS 540 Nursing Leadership and Management I, NURS 541 Economic Policy in the Health Care System, NURS 542 Finance and Accounting in the Health Care System, and NURS 546 Nursing Leadership and Management II.
