Nebraska Wesleyan University

ECON 3150 Environmental Economics

Catalog

2015-2016

Course Description

This course allows students to investigate resource scarcity, the energy problem, and alternatives for the future. Emphasis is placed on benefits and costs of environmental preservation and the contribution that the economics discipline makes toward the solution of environmental problems. Selected current problems are integrated throughout the course.
Prerequisite(s): Grade of "C-" or better in ECON 1540 Microeconomic Principles or permission of the instructor.

Course Hours

3 hours

Departments

1. Business, Accounting and Economics (Undergraduate)
