Nebraska Wesleyan University

THTRE 2720 Scenery and Properties Design

Catalog

2015-2016

Course Description

This course is a study of the theory and practice of scenery and properties design. The student will do several designs for scenic and property elements. One of these designs will be actualized in the laboratory theatre of a major production. This course may be repeated once for credit.
Prerequisite(s): THTRE 1020 Script Analysis and THTRE 1400 Stagecraft.
(Normally offered on even fall semesters.)
