SPED 3710 Creating Support for Safe Schools

2 hours

Majors, Minors & Degrees:

Majors
Special Education (B.A., B.S.)

Departments/Programs:

Education (Undergraduate)

This course provides an intensive study of ways that collaborative practice can support children with emotional/behavioral needs. An emphasis of the course will be on the creation of safe schools through cognitive, behavioral, and social support strategies.
Prerequisite(s): Acceptance into the Teacher Education Program or permission of the department chair.
(Normally offered each spring semester.)
