Physical Education (B.S.)

Minors

Exercise Science
Health and Fitness Studies

Departments/Programs:

Health and Human Performance

A course dealing primarily with classification and analysis of exercise and with the physiological effects of exercise on the human organism. Practical application of these principles will be explored in the laboratory experience.

One 3-hour lab per week.

Prerequisite(s): BIO 010 Human Anatomy and Physiology and junior standing.

(Normally offered each fall semester.)
