Health and Human Performance

A course designed for students interested in teaching middle and/or secondary physical education. Topics include curriculum development, teaching goals and objectives, curriculum guide and lesson plans, constructing and using evaluation tools and measures, and methods and materials (including technology) used in teaching middle and/or secondary physical education. A 10-hour practicum experience in the middle and/or secondary physical education class setting is required.

Prerequisite(s): Acceptance into the Teacher Education Program or permission of the department chair, and junior standing.

(Normally offered every odd spring semester.)
