PHIL 010 Introduction to Philosophy

Catalog

2011-2012

Course Description

An introduction to philosophical thinking by way of an examination of persistent philosophical questions raised by significant and representative voices in our (primarily Western) philosophical heritage. We will attempt to clarify the meanings of such concepts as good and evil, right and wrong, justice, virtue, the beautiful, and the ugly. We will attempt, further, to use this understanding to evaluate our own philosophical views and those of our society.
