

## SOC 115 Population, Resources, and Environment

3 hours

### Majors, Minors & Degrees:

#### **Majors**

Business-Sociology (B.S.)  
Global Studies (B.A., B.S.)

#### **Minors**

Environmental Studies  
Family Studies  
International Affairs  
Peace and Justice Studies

### Departments/Programs:

Sociology and Anthropology

An examination of population in its demographic, dynamic, and social aspects. The course also examines the problems associated with the interaction between populations and the environment. Strong cross-cultural emphasis.

(Normally offered each spring semester.)
