

ECON 297 Economics Internship

3 hours

Majors, Minors & Degrees:

Majors

Economics (B.A., B.S.)

Departments/Programs:

Business, Accounting and Economics (Undergraduate)

Each student must work with the department intern coordinator to obtain an economics-related internship. This course gives opportunity for practical application of theoretical principles learned in the classroom. Under special circumstances, a second internship may be taken for credit with the approval of the business department chair and the internship coordinator.

Pass/Fail only.

Prerequisite(s): Junior or senior standing and permission of the department internship coordinator.

(Normally offered each semester.)
