HIST 599 Applied Project

Catalog

2012-2013

Course Description

The Applied Project is the culminating project for the Master of Historical Studies degree. The project may take the form of a thesis, curriculum development project, or a resource development project which will build on the coursework that comprised their program. Students will meet with the MAHS program director after completing the three core courses in the MAHS program: HIST 501 Fundamentals of American History I, HIST 502 Fundamentals of American History II, and HIST 550 Nebraska Institute for the Study of US History and propose a program of courses to meet the degree requirements as well as a project. At that time a three member committee (two plus the program director) will be assigned to approve the initial project proposal. The director of the program will provide the ongoing supervision of the student's work with support from the other members of the committee members when and where necessary. The project director will approve the completed project and assign the final grade.
