Nebraska Wesleyan University

MATH 207 Mathematical Statistics II

Catalog

2012-2013

Course Description

A continuation of MATH 206 Mathematical Statistics I, with further applications of probability theory to statistical problems of estimation and hypothesis testing, including least squares estimation and correlation. Also studied is analysis of variance with numerous applications of this technique.

Prerequisite(s): Grade of "C" or better in MATH 206 Mathematical Statistics I.

Course Hours

3 hours
