Nebraska Wesleyan University

PSYCH 217 Psychological Testing

Catalog

2012-2013

Course Description

An introduction to the theory, construction, administration, and interpretation of standardized psychological tests. Tests considered include IQ assessments, general interest surveys, personality inventories, and projective techniques. General methodological and statistical issues in testing and measurement are also covered.

Prerequisite(s): PSYCH 101 Introduction to Psychological Science.

Recommended: PSYCH 110 Psychological Statistics.

(Normally offered each fall semester.)
