

**Major:**

## **Bachelor of Science in Organizational Communication**

**Departments/Programs:**

Organizational Communication (Adult Undergraduate)

The Adult Undergraduate Bachelor of Science in Organizational Communication helps students develop oral, written, and interpersonal communication skills, as well as critical thinking and problem solving so they will be able to communicate their ideas effectively and understand the businesses within which they work. Organizational communication looks at informal and formal communications, leadership, intercultural communication, and diversity issues, as well as types of internal communications within a business. Students may specialize in human resources, public relations, marketing, or project management.
