Nebraska Wesleyan University

ANTHR 162 Political Anthropology

Catalog

2013-2014

Course Description

This course will be an examination of the relationships between population density and the formation of political structures. It will also study contemporary peoples in Africa, India, and the Near East. It will set the stage for a discussion of some of the current political difficulties that traditional peoples face in their interactions with Western cultures from the United States and Europe.

(Normally offered alternate years.)
