Nebraska Wesleyan University

ART 151 Photography 2

Catalog

2013-2014

Course Description

Studio art exploration in photography focused on complex methods of conceiving and producing photographs. Introduction of technical concerns with metering, development, and post-development controls. Emphasis on conceptualization, compositional assessment, and evaluation of content as well as student development of a personal point of view within the photographic medium. Group project.

Prerequisite(s): ART 150 Photography 1: Digital or ART 155 Photography 1: Darkroom
