Nebraska Wesleyan University

BUS 255 Managerial Accounting

Catalog

2013-2014

Course Description

This course studies advanced topics in providing and utilizing accounting information in the planning and controlling of business operations, in costing products or services, and in providing quality to customers. Students also study how this information is utilized to create value through improved decision-making from decisions regarding inventory to profitability analysis to long-term capital investments. This course also studies the use of financial information, as well as non-financial information, to evaluate business performance, strategy, and implementation.

Prerequisite(s): BUS 160 or permission of the instructor.
