Nebraska Wesleyan University

CHEM 010 Chemistry and the Human Environment

Catalog

2013-2014

Course Description

A course designed to acquaint non-science majors with some fundamental concepts of chemistry. The course emphasizes the role of chemistry in understanding the interaction of modern society with the environment. Credit will not be given for both CHEM 051 Chemical Principles and CHEM 010 Chemistry and the Human Environment.

Three lectures per week.

One 3-hour lab per week.
