Psychology

In preparation for the psychology major's senior research project, the Introduction to Senior Research class allows the student to explore potential topics, to evaluate the literature within the student's topic of choice, to identify appropriate measurement instruments for the senior research project, and to write a research proposal using APA style. Small group collaboration and peer review will be encouraged. Typically taken the semester prior to PSYCH-299.

Prerequisite(s): Major in psychology and PSYCH-111.
