Course Description

The Archway Seminar is a course designed to introduce first year students to the intellectual practices that must be cultivated and routinely exercised to make the most of a liberal education. Through a topic of intrinsic interest, students will practice and develop their capacity for critical and analytical thought, their ability to conduct and report research on a given topic, and their ability to collaborate in solving problems. In addition, students will exercise their ability to express themselves orally and in writing. The instructor/advisor will help students become independent learners who understand the intent of Nebraska Wesleyan's general education program.
