Political Science (B.A., B.S.)

Minors

Global Studies

International Affairs

Political Science

Departments/Programs:

Political Science

This course provides an introduction to the concepts and methods of comparative politics. It highlights those factors that are common to all political systems and the ways in which political behavior and institutions differ between nations. It will achieve these goals by examining the problems that all political systems face: political violence, power transfer, public policy, and what role the government plays in the society.
