Nebraska Wesleyan University

BIO 1100 Human Anatomy and Physiology

Catalog

2014-2015

Course Description

An introductory study of the blood, cardiovascular lymphatic, respiratory, endocrine, digestive, urinary and reproductive systems in addition to metabolism, fluid and electrolyte balance and acid-base balance of the body. Does not count toward a biology major.
Three Lectures per week.
Prerequisite(s): BIO 1090 Human Anatomy and Physiology or permission of the instructor.
(Normally offered each spring semester.)

Effective Spring 2015 this course is 3 credit hours and is offered separate from the 1 credit hour lab BIO 1010L Perspectives in Biological Science Laboratory. The lab was included in the 4 credit hour course offering in Fall 2014.
