Nebraska Wesleyan University

Catalog 2015-2016

Course:

CHEM 4420 Advanced Biochemistry

3 hours

Majors, Minors & Degrees:

Maiors

Biochemistry and Molecular Biology (B.S.)

Departments/Programs:

Chemistry

An advanced study of slected areas of biochemistry that will include enzyme kinetics, enzyme reaction mechanisms, DNA-protein interactions, rational drug design, metal ions in biology, and other topics. In addition, the use of advanced chemical and biochemical principles in biotechnology will be explored.

Three lectures per week.

Prerequisite(s): CHEM 3410 Biochemistry.
