## Nebraska Wesleyan University Catalog 2015-2016

## Course: MATH 4800 Research Experience

0-3 hours

## Departments/Programs:

## Mathematics

An independent research experience involving survey and synthesis of literature in a particular mathematical topic. In some cases, the student may understake novel investigations. The experience will culminate in a conference-style presentation and written report. Students will keep a reflection journal throughout the experience. *Prerequisite: Permission of Department Chair.* 

Pass/Fail Only.
