

**Course:**

**NURS 4200 Nursing in the 21st Century: Current Topics**

**3 hours**

**Departments/Programs:**

Nursing (Undergraduate)

This course requires students to develop an in-depth understanding of a current topic/issue in nursing and form recommendations for changes in nursing practice related to this topic/issue. Students will be required to evaluate all facets of the health care topic/issue chosen including but not limited to health care policy, finance, patient preference, and evidence-based practice recommendations.

*Prerequisite(s): NURS 2330 Health Assessment, NURS 3040 Global Health, NURS 3050 Issues of Professional Nursing Practice , NURS 3310 Nursing Theories, NURS 3340 Health Care Ethics, and NURS 3360 Introduction to Nursing Research and Evidence Based Practice.*
