Nebraska Wesleyan University Catalog 2016-2017

## Course: MATH 1200 Mathematics for Elementary Teachers

## 3 hours

Majors, Minors & Degrees:

## Majors

Elementary Education (B.A., B.S.)

## Departments/Programs:

Mathematics

A course for elementary education majors designed to promote a deep understanding of elementary mathematics topics, including the decimal system, fractions, percentages, arithmetic operations and problem-solving. Emphasis is placed on communicating mathematics, both in writing and orally.

(Normally offered each fall semester.)
