Nebraska Wesleyan University

HHP 1320 Introduction to Allied Health

Catalog

2016-2017

Course Description

Introductory level course that includes the basic information all health care workers need to work in any department of the health care environment. It will include an orientation to the health care delivery system including history and definition. This course will cover different allied health care occupations and the multi-disciplinary skills needed for success in the health care environment. This course will also include orientation into OSHA measures and guidelines, infection control, and measurement of vital signs. (Normally offered each semester.)
