General Education: Archway Curriculum

Archway Curriculum

The Archway Curriculum integrates learning across disciplinary boundaries, enhances learning through non-classroom experiences, and weaves skill development throughout the academic program. Students will have frequent opportunities to develop fundamental skills in communicating effectively and thinking critically. Through this curriculum, students will be exposed to a broad range of topics and perspectives, enhancing their understanding of the world.

- Except for the Archway Seminar, any course in the Archway Curriculum may count in a major or minor, as appropriate.
- Any course that is listed in multiple areas within Archway Curriculum may be counted by a student in all the applicable areas.
- Students may take only one course pass/fail (grade of P*) in the Archway Curriculum. That course must be in the Foundational Literacies. [Note: Reminder that if the course is also used for student's major or minor, taking the course pass/fail is not allowed.]
- For students entering Nebraska Wesleyan with a baccalaureate degree from an accredited institution, the Archway Curriculum is waived.

First-Year Curriculum

First-Year Curriculum: Archway Seminar

The Archway Seminar introduces first-year students to the intellectual practices that must be cultivated and routinely exercised to make the most of a liberal education. By exploring an interdisciplinary topic, students develop their capacity to think analytically, conduct research, communicate orally and in writing, and collaborate in solving problems.

Students will take in their first semester:

- IDS 1010 Archway Seminar

Archway Seminar waived for students who transfer to Nebraska Wesleyan with 26 or more credits earned since high school graduation or GED completion.

First-Year Curriculum: First-Year Writing

First-Year Writing courses prepare students for further academic study and for careers by improving their writing skills. These courses focus on all stages of the writing process and give students the opportunity to compose in different styles and formats for different purposes.

Students will, within their first year, take ENG 1030FYW Writing and the Creative Arts for 4 credit hours, or take two of the following courses:

- BIO 1400FYW Introduction to Biological Inquiry

INTEGRATIVE CORE

The Integrative Core prepares students to confront the multifaceted challenges that face them as members of a diverse and global society. In these courses, students examine a core issue from different disciplinary, cultural, historical, social, scientific, artistic, or ethical perspectives. As a result of this integrative study, students develop the intercultural, interpersonal, and interdisciplinary skills they will need as the next generation of civic and professional leaders.

Students will take either two 9-hour or one 18-hour of the following thematically integrated thread(s) of courses:
In each thread, students must take courses from at least two course levels: 1000, 2000, 3000, 4000.
Courses in a 9-hour thread must be from a minimum of two disciplines. Courses in an 18-hour thread must be from a minimum of four disciplines, with no more than 9 credits being from any one discipline.

Students who transfer to Nebraska Wesleyan with 45-89.5 credits earned since high school graduation or GED completion need
only one 9-hour thread. The Integrative Core requirement is waived for students who transfer in with 90 or more credits earned since high school graduation or GED completion.

Essential Connections: Diversity-Instructive Courses

Diversity-Instructive courses invite students to expand both their understanding of majority/minority relations in U.S. society and develop greater appreciation of our global society. In an increasingly diverse world where global migration is increasing at a rapid pace, where inequality based on heritage is built into social systems, and where societal problems facing all humanity will require the minds, voices, and actions of individuals from every background, students must have a deeper understanding of the diverse nature of their world. This deeper understanding will allow for movement toward social justice.

Students must choose one course designated as Global Diversity and one course designated as U.S. Diversity from the following:

Global Diversity:
