Nebraska Wesleyan University

HHP 3340 Health Care Ethics

Catalog

2016-2017

Course Description

This introduction to the study of ethics uses primary sources for the analysis of present day ethical dilemmas in health care. The course examines some of the prominent moral principles and systems of the western tradition from Aristotle to the present and how those principles are applied to issues in health care ethics. Course is over 8-week period.
Prerequisite(s): Admission to RN-BSN program or admission to pre-licensure BSN program with all second-year courses completed.
