Nebraska Wesleyan University

MUSIC 3540L Elementary General Music Methods Lab

Catalog

2016-2017

Course Description

This lab course is to be taken in conjunction with MUSIC 3540 Elementary General Music Methods. Students will have been placed by the instructor into an elementary music classroom in a public school by the first week of class. Students will complete a minimum of 20 hours of observation and teaching over the course of the semester at their placement site. Typically, students visit the classroom for approximately two hours per week. It is anticipated that the hours are completed throughout the entire semester, so students should plan to continue going to their placements for the entire semester even if they complete the 20 hours early in the semester.
