Students build on the technical knowledge and skill gained in Photography 1 to develop and understanding of the relationship between form and content. Students will increase their awareness of contemporary photography and begin to express themselves through photography. They will work on describing and analyzing images verbally and in writing. This is not a course in professional commercial photography, rather is situated within a fine-art photographic dialogue. Various levels (1-4) of this studio art medium may meet together. The course requirements of each level are different.
Prerequisite(s): ART 1500 Photography 1: Digital.
