Nebraska Wesleyan University

PSYCH 4980 Introduction to Senior Research

Catalog

2017-2018

Course Description

In preparation for the psychology major's senior research project, the Introduction to Senior Research class allows the student to explore potential topics, to evaluate the literature within the student's topic of choice, to identify appropriate measurement instruments for the senior research project, to write a research proposal using APA style, and to complete a professional oral presentation of the research proposal. Small group collaboration and peer review will be encouraged. Typically taken the semester prior to PSYCH 4990 Senior Research.
Prerequisite(s): Major in psychology, PSYCH 2110 Research Methods in Psychology, and permission of the instructor.
