**2 hours**

**Majors, Minors & Degrees:**

**Majors**

Special Education (B.A., B.S.)

**Departments/Programs:**

Education (Undergraduate)

This course provides an intensive study of ways that collaborative practice can support children with emotional/behavioral needs. An emphasis of the course will be on the creation of safe schools through cognitive, behavioral, and social support strategies.  
*Prerequisite(s): Acceptance into the Teacher Education Program or permission of the department chair.*  
(Normally offered each spring semester.)
