Nebraska Wesleyan University

BIO 1300 Introduction to Environmental Science

Catalog

2017-2018

Course Description

An introduction to environmental science and scientific methodology using the environment as the system of study. The goals are to help the student develop a better understanding of the environment, gain insight into human-caused problems found in nature, explore the relationships of humanity with the environment, and provide practical experience in performing scientific measurements and experiments.
Three lectures per week.
One 3-hour lab per week.
Does not count toward a biology major.

Archway Curriculum: Foundational Literacies: Scientific Investigations: Natural Science Laboratory
Archway Curriculum: Integrative Core: Humans in the Natural Environment Thread

Course Hours

4 hours
