Nebraska Wesleyan University

NURS 2100 Pharmacology I

Catalog

2017-2018

Course Description

Evidence based pharmacotherapeutic aspects of nursing care are introduced. Emphasis is on principles of safe administration of medications and common uses for major drug classifications. The relationships among technology, economic, and regulatory forces as well as collaboration with the health care team are discussed. Ethical and cultural considerations are explored across the lifespan.
Course is over 8-week period. 1 hour theory; 1 hour lab.
Prerequisite(s): Admission to the pre-licensure nursing program or permission from program director.
