Nebraska Wesleyan University

PSYCH 4940 Research Experience

Catalog

2017-2018

Course Description

In this course students will gain first-hand research experience by assisting a professor with conducting a psychological research project. Running participants, analyzing and managing data, and doing literature searches typically are included, although the exact nature of the student's responsibilities will depend on the research project and will be agreed upon at the beginning of the semester. For each hour of academic credit, students will spend 3-4 hours a week assisting with the research. Enrollment generally is limited to 1-4 credit hours in a given semester with the possibility of enrollment in future semesters.
P/F Only.
Prerequisite(s): PSYCH 2100 Psychological Statistics, PSYCH 2110 Research Methods in Psychology, and permission of the instructor.
