

Course:

BIO 4980B Senior Thesis

1 hour

Majors, Minors & Degrees:

Majors

Biology (B.A.)

Biology (B.S.)

Departments/Programs:

Biology

Biology majors will perform individual library thesis projects to meet the senior comprehensive requirement. A research report in scientific format and a formal presentation of the thesis is required. Biology majors will complete the final version of their thesis paper and give a formal presentation of their thesis work at the Nebraska Wesleyan University Research Symposium or at a biology department seminar, or at the discretion of the instructor. No P/F.

Completion of both **BIO 4980A** and **BIO 4980B** will allow students to earn both Writing Instructive and Speaking Instructive credit.

*Prerequisite: Approval of the department chair or instructor, and completion of **BIO 4980A Senior Thesis** (or in some instances, concurrent enrollment in **BIO 4980A**).*

(Normally offered each spring semester.)
