

**Course:**

**SPED 2200 Learning Strategies III: Cooperative Learning**

**4 hours**

**Majors, Minors & Degrees:**

**Majors**

Special Education (B.A., B.S.)

**Departments/Programs:**

Education (Undergraduate)

Students will learn to develop and deliver specific academic and social curriculum using Social Learning theory and methodology. Demonstration of competence in instructional design and evaluation with a Social Learning theory model is emphasized for students with mild/moderate disabilities. Students may complete a fieldwork experience that will allow them an opportunity to assist a preschool, elementary, or middle school special education teacher for a designated period of time using these instructional methods.

(Normally offered alternate years.)
