Nebraska Wesleyan University

SOCWK 2270 Human Behavior and the Social Environment I

Catalog

2019-2020

Course Description

A course to synthesize and examine the body of knowledge concerning how the individual, group, family, and community systems interrelate with each other and the larger social context from the lifespan stages of birth through adolescence. Content will be drawn from the biological, psychological, sociological, eco-political, and cultural-environmental systems. The importance of professional ethics in the assessment process is also examined.
(Normally offered each fall semester.)
