Departments/Programs:

Organizational Leadership and Communication (Adult Undergraduate)

Through many contexts in history and through the midst of conflicting forces that arise within organizational systems, leaders are faced with adaptive challenges. The course distinguishes between authority and knowledge, provides a diagnostic framework for assessing the typical mechanisms in which social systems avoid work on critical issues, and explores strategies and tactics of intervention to mobilize adaptive work.

Prerequisite(s): COMM-1100, LEAD-3100, LEAD-3200, and LEAD-4100.
