

**Course:**

**EDUC 5140 Instructional Practice and Curriculum Design**

**3 hours**

**Majors (Grad)**

Curriculum and Instruction (M.Ed.)

**Departments/Programs:**

Education (Graduate)

Students will develop a philosophical base and the skills needed to discuss and analyze curricula and curricular issues in a school setting. A course project using these skills and perspectives will serve as the launch of the action research project. By the completion of this course, participants will identify a problem, create a research proposal, and choose a research coach.

*Prerequisite(s): EDUC 5130 Becoming a Reflective Practitioner.*
