

Major:

## Theatre Arts Education (B.A.)

Departments/Programs:

Education (Undergraduate)  
Theatre

This degree program is geared for the person who wishes to teach theatre arts in a secondary school where the focus of teaching responsibilities is primarily theatre classes. Different than a language arts education degree, this program can lead to a supplemental endorsement in secondary theatre education when combined with a primary area endorsement.

In addition to pursuing a well-rounded theatre curriculum, we encourage theatre education students to work closely with faculty as members in all areas of production to gain foundational knowledge and skills in those areas they'll teach and supervise as theatre educators: acting, directing, costuming, scenography, playwriting, theatre history and management.
