

Department/Program:

Student Life - Academic Credit

Mission

Student Life cultivates transformative experiences that empower students individually and as members of their communities.

Courses

STLF 1010 Success Seminar

1 hour

This course is designed to help students achieve greater success in college and in their future lives. Students will develop academic self-efficacy as well as life management skills. Taught in a discussion-oriented environment, this course helps students develop strategies that can improve their academic, professional and personal success.

Normally offered each semester.

STLF 1020 Academic Resiliency Seminar
