A class focused on the multifaceted importance of the figure in drawing. Through weekly life drawing sessions with a model and the study of the figure as a conceptual and formal foundation, students will begin to develop a drawing practice that is crucial in ideation and as a primary medium for expression. Formal and in-progress critiques will be held throughout the semester. Attending and/or participating in local art exhibitions and artist lectures is required. Various levels (1-4) of this studio art medium may meet together. The course requirements of each level are different.
