Nebraska Wesleyan University

BIO 1010 Perspectives in Biological Science

Catalog

2020-2021

Course Description

Designed for non-science majors, this general education course will examine the principles of biology within the context of the human experience and covers cell biology, physiology, genetics, evolution, ecology, and the interaction of humankind and the environment. Course content will be offered in a variety of formats including but not limited to: lectures in person or online; laboratory experience; group activities and discussion-based activities. Does not count toward a biology major.

(Normally offered at least once per academic year.)

Archway Curriculum: Foundational Literacies: Scientific Investigations: Natural Science Laboratory
