Nebraska Wesleyan University Catalog 2020-2021

Course: **BIO 1080 Microbiology**

4 hours

Majors, Minors & Degrees:

Majors

Biology (B.A.) Biology (B.S.) Exercise Science (B.S.) Nursing Traditional (B.S.N.)

Departments/Programs:

Biology

An introductory study of the structure, physiology, and pathogenicity of microorganisms, with an emphasis on bacteria and viruses that cause infectious diseases in humans. Does not count toward a biology major. Three lectures per week. One 3-hour lab per week. (Normally offered each spring semester.)
