### Departments/Programs:

Business (Adult Undergraduate)  
Business, Accounting and Economics (Undergraduate)

An introduction to descriptive and inferential statistics. Topics include gathering, organizing, interpreting, and presenting data with emphasis on hypothesis testing as a method for decision making in the fields of business and economics. Procedures include z-tests, t-tests, ANOVAs, correlation, and simple regression.

Cross listed with [ECON 2100](#).

*Prerequisite(s): Demonstrated proficiency in high school algebra or permission of the instructor.*

(Normally offered each semester.)
