The Sophomore/Junior-Level Communication Internship has been developed to provide an enriching, applied-learning experience for a student's major or minor. This elective internship can help the student determine the type and location of her or his future internships or professional activities. It is also a useful option as an elective credit in the student's senior year after the **COMM 4970** Internship requirement has been filled.

Pass/Fail only.

Prerequisite(s): Sophomore standing and permission of the internship coordinator or department chair.
(Normally offered each semester and summer.)
